Archie Beveridge Won Major Carnival Prize; Public Responded To Boost Local Activities

Mystery Chest Proved Great Attraction And Many Tickets Were Sold; Rain Spoiled First Evening's North Side Booths

Archie Beveridge was the big winner at the joint Curriers and Elks carnival held during the week end. He held the winning ticket on the Mystery Chest, major prize, with its fine selection of merchandise costing in the neighborhood of \$150. Included in the prize were the cedar chest, chenille bedspread, two woollen blankets, gent's leather jacket, electric toaster, drip coffee percolator, electric iron, three pair of silk stockings, set Rogers' silverware and a 4x7 1/2-foot Axminster rug.

Rain cost the carnival committee several hundred dollars on Saturday night. It rained heavily on Saturday almost up to supper time. The arena roof leaked on the north side and the rain drenched the booths on that side making it impossible to decorate and display prizes in any one of the booths on that side of the arena. As a result only half a dozen booths were in operation. Monday, however, saw

all booths in operation and more revenue was received the second night than had been received on the opening night.

Occasional chairs were won on the Bingo on the hour and each half hour on Monday night. Blankets were given as the Bingo prize. As a result this particular booth was given a good play on both nights. The blanket booth was the best booth among the merchandise. The blankets were of good material and found favor with the public.

It is expected that both organizations did well financially and as a result added improvements will be given ahead signal at the currying arena, while the Elks will be another step nearer to realizing their fine new modern hall which they plan on building.

The carnival committee extends its thanks to Coleman and other Pass citizens for patronizing the carnival and helping to promote community activity.

JACK CHALMERS BEREAVED

Mr. and Mrs. Jack Chalmers attended the funeral on Monday at Calgary of Jack's step-father, Rev. Wm. McNichol, 84, who passed away at his home after a lengthy illness.

Born at New Mill, NB, he was educated at Dalhousie and Princeton, graduating in 1891. He was ordained in the Presbyterian church and came to Alberta 34 years ago. The funeral services were held on Monday with Rev. Dr. Thomas Powell officiating.

Mr. Chalmers remained with his mother for a few days before returning home.

TROOPER JIMMY MCDICKEN VISITED PARENTS HERE

Two weeks ago, Mrs. Robert Holmes had a visit from her son, Trooper Jimmy McDicken, who had just arrived home after three years overseas and was enroute to join his family at Creston, BC.

Jimmy formerly resided here and attended the local schools. He enlisted with the Duke of Connaught's Own Rifles in February, 1941, and went overseas in 1942. He transferred to the tanks and towards the close of the European war was driving a transport. He saw action in France, Holland, Belgium and Germany.

SIX COLEMAN MEN DUE TO ARRIVE IN CALGARY TODAY

Might Be Held Up Due To Rock Slide In Ontario.

Six of Coleman's returning soldiers are scheduled to arrive in Calgary sometime today. The only uncertainty about the whole matter is the time lost in waiting for a rock slide in Ontario to be cleared so that the troop trains could proceed west.

Those scheduled to arrive are:

PTE. SAM GILLIES

who enlisted in May, 1940, and went overseas in March, 1941. He was at one time with the General Transport Co. Prior to enlisting he was an employee of McGillivray Creek. His wife and two children reside on Fourth street.

LSGT. STEVE MYSSYNIUK was born in Coleman and educated here. He was an employee of McGillivray Creek prior to enlisting in the Canadian army in March of 1941. He went overseas in August, 1942, and has been in France right through to Germany.

PTE. JOHN A. KULIG

was an employee of McGillivray Creek prior to enlisting in the Canadian army. He went overseas in August, 1943, and has been in France, Belgium, Holland and Germany.

CPL. LEWIS BROWN

was an employee of International before enlisting on June 14, 1940, with the South Alberta Regiment. He went overseas in August, 1942, and has been through France, Belgium, Holland and Germany. He has a son, Bob, in the Canadian navy. His wife and daughter reside on Seventh street.

DONATION TO OVERSEAS WELFARE FUND

Acknowledgment is made by the executive of the Overseas Welfare Fund of a \$2.00 donation received from Andy Gardiner, of Vancouver. The donation was given to Mr. Geo. Derbyshire on Nanaimo's main street by Mr. Gardiner, who also happened to be vacationing in that coast city at the same time as Mr. Derbyshire.

Council Gives O.K. To Start of Major Works Project; West Coleman To Get Concrete Sidewalk

Better Road Signs to Aid Motorists to be Installed; Council Favored Petition to Send All Japs Back to Japan.

Regular meeting of the council was held on Thursday last. Present Mayor Abousaffy, Councillors Cox, Ramsay and Wilson.

Mr. Horace Allen was present to ask council if it would agree to having some improvement made to the road leading towards his home. The road's condition had already brought forth protests from the grocery truck drivers. Town Foreman Joe Malanchuk was asked to inspect the road and make whatever repair necessary.

A questionnaire was received on daylight saving time. Council recorded a "No" decision on the question "Do you favor present daylight saving continuing?" It said "Yes," however, to the question of having daylight saving time throughout the summer months from coast to coast.

The Municipal Inspector's report paid tribute to the secretary's work and revealed that the town was in a good financial position. The latest report showed that the drinking water supply is still contaminated.

A letter was received from E. G. Hansell, MP, stating that he would endeavor to get Coleman a radio booster. Mr. Hansell is a member of the Radio committee.

A petition was received from a British Columbia organization asking that council support the movement to send all Japanese, regardless of birth, back to Japan. This petition will, in due course, be presented to the federal government. Council approved of the petition and all councillors signed same. Town Foreman Joe Malanchuk, along with Ward & Property committee, were given power to secure the necessary pipe railing to complete steps leading from Fourth to Fifth streets.

Town Foreman Malanchuk stated

that work conditions would allow him to start on the concrete sidewalk in West Coleman should the council give its sanction for the work. This particular piece of work is the beginning of a long-range works program that will ultimately give the town concrete sidewalks. Sanction was given to start the project and a sidewalk will be laid from Bobbitt's store to the Siska residence on the south side of Second street. The management of Bobbitt's store will be requested to scrap the present raised platform so that the sidewalk can be properly laid.

Council will grant Coleman Motorist's request that the ground in front of the sidewalk be raised in order that cars drawing away from the gas tank will not scrape the bumper on the sidewalk as they do at present.

Aware of poor road markers at present in existence to guide tourists and motorists through town, council has authorized better markers to be installed.

At the Jack McDonald corner on Second street, a sign will be erected having an arrow to show motorists the way onto main street. At the Morris corner in West Coleman a large marker will be erected to direct traffic to British Columbia, the words "British Columbia" and an arrow to be prominently displayed.

It was council's opinion that a committee be appointed, comprising two councillors, a member of the Lions club and a member of the miners' union, to meet Mr. Munroe, of the Alberta Government Telephone system, Lethbridge, to discuss the present telephone problem. The matter has now reached the stage where some decision has to be made. Council in a previous meeting went on record as favoring a local exchange.

Fred Weir Buys White Lunch Cafe And Building

Mr. and Mrs. Fiedler to Reside in British Columbia; Change Over Took Place Last Friday.

On Friday last a business transaction took place which saw the White Lunch Cafe and building being purchased by Mr. Fred Weir from Mr. Wm. Fiedler.

Mr. Fiedler, with his wife, first came to Coleman in 1941 and operated the White Lunch Cafe where the Mrs. J. Kwassie store is now located in the Italian Block. They moved to their present premises when Mr. Floyd Celli, owner of the Palm Cafe, enlisted in the Canadian army, changing the name of the Palm Cafe to that of the White Lunch. There they have been in business till the present time.

Mr. and Mrs. Fiedler will spend a few days at Calgary, where the former will undergo a medical check-up. Following this they will move to British Columbia, travelling for several weeks before settling down somewhere in the interior.

Mr. Weir is well known locally, having been an employee of International mine for some years, as well as operating a photo studio, first at his Fifth street home and a few months ago on main street. He has been in the restaurant business almost a week and aims at giving his patrons efficient and courteous service at all times.

TO OPEN PHOTO STUDIO

Nick Unilowski, recently discharged from the RCAF, purchased the Weir Photo Studio from Fred Weir, proprietor, on Tuesday. Mr. Unilowski will occupy one of the stores in the Italian Block on main street and is expected to be open for business shortly.

Rehabilitation Committees Accepted

General Meeting Accepted Committees as Presented by Nominating Committee.

A general meeting of Coleman Reception and Rehabilitation Committee was held in the council chamber on Friday evening with only a few in attendance. Purpose of the meeting was to receive the list of committees as chosen by the nominating committee which was chosen for this purpose at the preceding general meeting.

Committees as approved are as follows:

Executive: S. C. Short, chairman; G. Derbyshire, vice-chairman; A. Wilson, secretary-treasurer; R. Parry, R. Steurbaut, J. Lowe, Mrs. E. Seaman, W. Dutil, H. Allen.

Advisory committee: S. C. Short, chairman; A. Balloch, W. L. Rippon, M. Stigler, Mayor Abousaffy.

Advance information committee: R. Parry, chairman; A. Balloch. Welcome and transportation committee: R. Steurbaut, chairman; G. Jenkins, M. Cooke, Rev. Mr. Kettys, Father Sullivan, Rev. Mr. Brown, Capt. Smith.

Entertainment committee: J. Lowe, chairman; Mrs. Marland, Mrs. Parry, W. Smith, W. Klevinsky, M. Opulek, J. Jasinsky, S. Siska, P. Meronik, Mrs. Rippon, W. White, H. Turner.

War brides committee: Mrs. E. Seaman, chairman; Mrs. R. Parry, Mrs. W. H. Garner, Mrs. J. Kostelnik, Mrs. V. Brown.

Employment committee: W. Dutil, chairman; Mayor Abousaffy, G. Derbyshire.

Educational and training committee: H. Allen, chairman; P. Dickeson, S. Murdoch.

Housing committee: A. Wilson, chairman; W. L. Rippon, J. A. D'Appolonia, W. Purvis, Mrs. Turner.

The entire slate was accepted without change. A number of suggestions were submitted for the guidance of the respective committees.

All local organizations will be solicited for a small donation with which to carry on the work of the Rehabilitation committee.

The various committees are now in action and citizens desiring information on any matter pertaining to rehabilitation are requested not to hesitate in approaching any one of the chairman or committee members listed above, who will direct their enquiry into the proper channel.

Ninety per cent of tuberculosis patients can be cured if the disease is diagnosed in an early stage.

Alberta Riders Prominent At Fernie Rodeo

On Labor Day, before a large crowd and a record number of entries, Alberta's cowboys from Cochrane, Calgary, Claresholm, Brocket, Fincher, Burnis, Lundbreck, Bellevue and Coleman matched their skill with cowboys from British Columbia and Montana.

Charlie Yagos, engineer, of Coleman, and Mike Yagos, brother, of Cochrane, won first and second in the bronk riding events, and G. Bastin, of Brocket, split the fourth prize.

B. Michaleky, Burnis, got first in the calf roping; Norman Porter, Lundbreck, second; Ed. Burton, Claresholm, third, and Ed. Gunn, Brocket, fourth.

Alfred Crowshaw, Brocket, got third in steer riding, Francis Crowshaw fourth.

Robert Lake, Brocket, got first in the wild horse race event and Mike Kostelnik, Bellevue, second.

Air Companies Inquire Into Local Air Port Facilities

Three Calgary Companies Soon to Operate Commercial Air Service on a 500 Mile Range.

Mayor Abousaffy is in receipt of a letter from the Calgary Board of Trade stating that three companies are shortly expected to be operating a commercial air service out of Calgary. Two of these companies have already purchased their planes. The services have a range of 500 air miles from Calgary.

Coleman's airport comes within this range. Questions asked by the Board of Trade pertain to the landing facilities available, what improvements are contemplated if any and if application has been made to the department of Transport, Ottawa, for a licensed airport. Mayor Abousaffy will make personal reply to the letter.

CIGARETTE PAPERS

DOUBLE AUTOMATIC BOOKLET

Sir Harold Alexander

EARLY NEXT SPRING the people of Canada will welcome a new Governor-General in the person of Field Marshal Sir Harold Alexander, distinguished soldier and strategist of two world wars. His appointment has been received with enthusiasm and satisfaction in all parts of the Dominion both by members of the armed forces, who served under him overseas, and by all others who are familiar with his distinguished record in the service of the Empire. Sir Harold will be the seventeenth Governor-General since Confederation and he is the second great British soldier to hold that office. The first one was Baron Byng of Vimy, who commanded the Canadian Corps for a time during the First World War, and was later Governor-General of Canada from 1921 to 1925.

Last To Leave At Dunkerque

Sir Harold, who is fifty-three years of age, is the son of the Earl of Caibion, of County Tyrone, Ireland, and he is Britain's youngest Field Marshal. He comes to Canada at the peak of a brilliant military career, during which he took part in many of the decisive actions of the war. The first of these was the evacuation of Dunkerque, which although it was a defeat, is also recognized as a great military and moral achievement. In that action, Field Marshal Alexander was the last man to leave the shores of France. Lord Gort's report describes this incident in the following words, "on being satisfied that no troops were left on shore they (Alexander and a senior naval officer) left for England." He took part also in the retreat in Burma where he succeeded General Sir Claude Auchinleck as commander. Here again he proved great in defeat, and was successful in bringing four-fifths of his divisions to safety over difficult jungle trails.

Planned Many Allied Victories

Later, as commander-in-chief in the Mediterranean theatre of war, he planned the successful series of attacks in Africa which led to the complete surrender of the enemy forces in Tunisia. He also planned the Allied landings in Sicily and the Italian campaign. Much of the credit for the success of "D" Day operations and the subsequent victories in Europe were attributed to the tremendous "holding action" carried out in Italy under Field Marshal Alexander's command. Many Canadians served with him in this campaign and many were also under his command in England when, during the critical days of the Battle of Britain, he was in charge of the Southern Command and was also one of the organizers of the "battle training schools". The people of Canada will be honoured to have for their Governor-General a man who has played such an important part in shaping the Allied victory, and they will extend a warm and sincere welcome to Sir Harold and Lady Alexander and their family when they come to this country.

Quilts And Comforters

Beautifully made from your wool and cash. Making charge \$3.50. One day service. Virgin wool batts \$1.15 f.o.b. Sifton.

Lord Hartington

Marquis Leaves Estate To Son He Never Had

The Marquis of Hartington, late son-in-law of former U.S. Ambassador Joseph Kennedy, left a will bequeathing the bulk of his estate to a son he never had, it was revealed. The young Lord Hartington was killed in action while serving in Europe with the Coldstream Guards, fewer than four months after his marriage to Kathleen Kennedy.

His will, which he wrote on May 5, 1944, the day before his wedding, left the bulk of his estate to "my first or only son".

There were no children born of the marriage.

He bequeathed \$20,000 to his wife and the rest of the estate, totalling more than \$150,000, reverts to the one-year-old son of his brother, Lord Andrew Buxton.

Lord Hartington was heir to the Duke of Devonshire, the largest landowner in England.

MUST DIM LIGHTS

British cities which only a few weeks ago lighted up their streets after six years of war-time blackout have been asked by the fuel ministry to reduce street lighting again—this time to save coal.

JUST RUB IN MINARD'S LINIMENT

33

SMILE AWHILE

"Dull party, isn't it?"
"Yes!"
"Let's go home."
"I am home, I'm the host."

"I want to know what I'm best fitted for. Should I go to a palmetto or a mind reader?"
"Better choose a palmetto—you know you've got a pain."

Joe: "So you had good luck on your fishing trip, eh?"

Moore: "Good luck? Why the fish hit so fast I had to get behind a tree to bait my hook!"

Barber: "Haven't I shaved you before?"

Sergeant: "Nope. I got this scar at Pearl Harbor."

"Hello, Ruth, do you still love me?"

"Ruth? My name is Helen."

"I'm so sorry. I keep thinking this is Wednesday."

"I'm sorry," said the dentist, "but you cannot have an appointment with me this afternoon. I have eighteen cavities to fill. And he picked up his golf bag and went out."

Mid-west: "And I want even the kitchen floor clean enough to have our meals on."

New Mid-west: "You will look funny."

Friend: "So you fined Miss Sweetly \$3 for speeding. Is she appealing?"

Magistrate: "Oh, very. But we couldn't let that affect our decision you know."

A three-year-old girl was sitting beside the table crying. A man came by and asked what was the matter. The girl answered, "My mother has killed the cat."

"Well," said the man, "I will buy you another cat."

"No, thank you," she said, "I just wanted to kill it, myself."

Then there was the traveller who asked a native of the remote region in Jackson County if he didn't have trouble getting the necessities of life in that inaccessible spot.

"Yes, we sure do," replied the mountaineer, "and that's the way we do get it, it ain't often to drink."

MANY NATIONALITIES

One-sixth of the world's surface is included in the Soviet Union, which is composed of 180 nationalities speaking approximately 150 different languages and dialects.

2637

Price Control And Rationing Information

Q—Our family is leaving for the United States and plan to be there for approximately three months. What are we supposed to do with our ration books?

A—Persons who expect to be living out of Canada for a period of 60 consecutive days, or more, must surrender their ration books to the Ration Administration of the War-time Prices and Trade Board.

Q—May I now have full leather shoes placed on my shoes when they are repaired?

A—Yes. Shoe repairs may now use full leather shoes in repairing any type of civilian footwear.

Q—Is there going to be a drive to collect used clothing of European people?

A—A national drive is to be held in October for the collection of used clothing, but emphasis must be placed on the fact that only clothing that can be spared without the necessity of replacement should be donated. Belgium, China, Czechoslovakia, Denmark, France, Greece, Luxembourg, The Netherlands, Norway, Poland, Russia and Yugoslavia are the countries which will receive this clothing.

Q—Is there an expiry date for rationing sugar coupons?

A—All rationing sugar coupons are still valid. It is not expected that these coupons will expire until the end of the year.

Please send your questions or your request for the pamphlet "Consumer's News" or the Blue Book in which you keep track of your rationing, mentioning the name of this paper to the nearest War-time Prices and Trade Board office in your province.

Jasper National Park

Returning United States Service Men

Take Over Bungalow Camp Men and women of the American Army, attached to the Alaskan division, who have seen service in the far north, the Aleutians and other outposts far from civilization are finding rest and recreation on special leaves in the Rocky Mountains in Jasper National Park.

Each week approximately 50 G.I.s and WAC's journey to Jasper by Canadian National Railways from their nearest base at Edmonton and spend five days in Canada's largest national park indulging in sports of all kinds, including horseback riding, swimming, cycling, boating, fishing, tennis, archery, volleyball and golf, all of which are free of charge. There are also bus and pack trips and dances at which the girls' Booster Club, of Jasper, are hostesses.

During the time at camp the men and women are completely on their own "with no brass and any silver that is worn is in the hair or carried in the belt," according to a bulletin issued by the U.S. Army.

To provide for the men and women, the U.S. Army has taken over the Becker Bungalow Camp. More than 200 persons have attended the camp since it opened on July 15, including a party of newspaper correspondents attached to the army, and the camp will be closed to capacity each week until it closes on Oct. 15.

Many of the service personnel returning to the United States from postings in isolated northern areas, some from within the Arctic Circle, are spending a week of relaxation at the camp before proceeding to their homes or to other assignments.

MECCA OINTMENT

"ANOTHER FOR TO CONQUER"

—Justus in the Minneapolis Star-Journal.

Novel Proposal

Australian Paper Suggests Military Might Of Empire Be Transferred To Canada

The Sydney Morning Telegraph of Australia has proposed a drastic change in the structure of the British Empire, involving a shift of the centre of economic, political and military strength from the United Kingdom to the Dominions and India.

Vigorously following up External Affairs Minister H. V. Evatt's demand for a major vote for Australia in the Pacific settlement, the Daily Telegraph said "historic changes are at work around the Pacific basin which an Empire centralized in London anachronistic and a diplomacy centralized in Europe as dangerous as an atom bomb at a Zanzibar picnic."

The newspaper declared that changes must be effected that will make it no longer necessary "to fight a life-and-death struggle" at the White Cliffs of Dover, conscious that defeat would leave a major portion of the Empire to be gobbled up in disorganized fragments.

The proper transformation, the Daily Telegraph said, might call for the transference of the Empire's military air power to Canada together with the bulk of the United Kingdom's general manufacturing industries.

Lower Flying Rate

Says Civil Aviation Prices Must Be Brought Within Reach Of The Public

Lord Winster, minister of civil aviation in the new British Labor government, said in an interview in Montreal that civil aviation in the future must be brought within the reach of larger sections of the population which cannot now afford the benefits of high speed at high prices.

"We have got to find some way of cheapening the cost of flying," he said, "and that is one of our aims. It is no good having India 16 hours away from Britain by air if it is too expensive for most people to fly there."

Viscount Knollys, chairman of the board of directors of British Overseas Airways who accompanied Lord Winster, said he agreed.

Worked All Right

Germans Used Hydrogen Peroxide For Propelling Their V-Bombs

U.S. Navy Secretary Forrestal has disclosed that hydrogen peroxide, the common bleach and antiseptic, was used by the Germans as a propellant for their V-bombs.

At the time of their surrender, the secretary said in a statement, the Nazis were obtaining "surprisingly good results" in harnessing power from disintegrating hydrogen peroxide and were adapting it to naval uses.

GEMS OF THOUGHT

SUCCESS

The talent of success is nothing more than doing what you can do well, and doing well whatever you do, without a thought of fame.—Longfellow.

Success in life depends upon persistent effort, upon the improvement of momentary more than upon any other thing.—Mary Baker Eddy.

It is the old lesson—a worthy purpose, patient energy for its accomplishment, a resoluteness undaunted by difficulties, and then success.—Puncheon.

Failure is often that early morning hour of darkness which precedes the dawning of the day of success.—Leigh Mitchell Hodges.

Everybody finds out, sooner or later, that all success worth having is founded on Christian rules of conduct.—Henry Martyn Field.

Those who are found blessing God under all their losses, shall find God blessing them after all their losses.—W. Secker.

Firestone

THE ONLY SYNTHETIC TIRE

Proved on the Speedway AT 100 MILES PER HOUR!

No need to wonder about synthetic tires standing up—not when you can buy Firestone Deluxe Champions—the tires that were used on the famous speedway test supervised by officials of the American Automobile Association.

Imagine the punishment those tires took as Wilbur Shaw, the famous race driver, streaked over the 500-mile course to average 100.34 miles per hour... equal to 50,000 miles of ordinary driving. Not a skid or blowout occurred even when he stepped up to 135 miles on the straightaways!

Be sure to have Firestone Deluxe Champions on your car. See the nearest Firestone Dealer.

Here a CWAC There a CWAC

MEET A CWAC—

Cpl. Evelyn McVean, Sceptre, Sask., enlisted in the Canadian Women's Army Corps at Calgary in December, '42. Immediately after she had received her basic training at Vermilion, Alta., she was sent to St. Annes de Bellevue, Que. for a N.C.O. course. Returning to Calgary, Cpl. McVean was put in charge of the Medical Inspection Room at Skinner Barracks. In Sept., '44, she attended a three months' radiographic course in Toronto. On the completion of which she held radiographic work in the Colonel Belcher Military hospital, Calgary. Posted to Regina in May, '45, Cpl. McVean is at present working in the X-ray department of No. 12 District Depot Standing Medical Board, where "Take a deep breath, hold it, please," is a familiar term echoing along the corridors near the X-ray rooms. "I have one brother overseas," stated Cpl. McVean.

CWAC WEARS WOUND STRIPE—

Wounded in the service of her country, Cpl. Constance Barker of Ottawa, Ont., is one of the few CWACs entitled to wear the little gold stripe on her sleeve. She was serving with the Canadian Section of the Second Echelon in Antwerp, Belgium, when the city was severely bombed. Cpl. Barker was badly cut by flying glass. At present she is stationed with 1st Echelon, 21 Army Group, Germany.

CWAC SOFTBALL TEAMS—

Marking the conclusion of a successful softball season in England, a selected all-star team of Canadian Women's Army Corps personnel left recently to play exhibition games with the CWAC team at First and Second Echelons in Germany. They planned to spend three days on the continent. Officers in charge of the U.K. team is Lieut. Helen Huntley, Rocky Mountain House, Alta. The all-star team was made up from players in the London area and from CWAC units serving in the field throughout England. Western members of the team include Pte. O. A. Campbell, Cardale, Man.; Sgt. M. C. Fletcher, of Govan, Sask.; Cpl. R. Allen of Unity, Sask.; Cpl. L. M. Willis, of Stanley, Alta.; Pte. O. Meredith, Battleford, Sask.; Cpl. M. Campbell, Hainesworth, Man.; and Cpl. V. Sokolowski, Pine Falls, Man.

CAPS OFF? CAPS ON?—

It seemed all very simple at first. We were told to wear our caps when the boys were here, but of course we knew that there would be no exception—church; here only, would we sit demurely like other women with our heads covered. But, alas and alack! A member of the Corps happened to attend a session of parliament. Something told her that women attending parliament were to keep their heads covered, so she left it on, with the idea still nibbling at her mind, "Only in church, only in church." To her great joy and relief, she found that she had done the correct thing. The speaker has ruled that only women with their heads

covered are properly dressed when in the House. So now we know. In church and in the House of Parliament our caps will remain on our heads. All other times—caps off, please!

CWAC IN ARMY OF OCCUPATION

A draft of nearly four hundred CWACs arrived in England lately. They are the first CWACs sent from Canada to be posted with the Army of occupation. Before leaving Kitchener, Ont., they were reviewed by Col. Margaret Eaton. She told them that they might live their lives in occupied Europe anywhere from two to five years. The girls have been sent to relieve long service veterans who are to be repatriated as quickly as possible; and will handle jobs never undertaken by members of the Canadian Women's Army Corps before. All but 32 reverted to the rank of private in order to get across, but what a few stripes mean for long-term day had at last arrived and they were really on their way. Kit bags and haversacks were well loaded down with extra supplies of soap, cosmetics and other articles rationed overseas. Just think, a little over four years ago there was no Women's Army, and now it's a Corps. Over twenty thousand have answered to the call. "Carry on, girls and good luck wherever you are."

SHELL SAY IT EVERYTIME—

Pte. Buttercup: I just can't stand the thoughts of it!
Penelope CWAC: What's this you can't stand the thoughts of?
Pte. Buttercup: I've just realized that I'm beginning to look more like my identification card every day.

New Corn Product

Starch Sponge May Be Possibility As A Food Product

Maybe your postwar candy bar will sound different. It may contain "starch sponges"—crispy and crunchy.

Don't worry though—a starch sponge isn't any relation to the porous swab you use to wash your car.

It's something stewed up in a test tube at the United States Department of Agriculture's northern regional research laboratory at Peoria, Ill., by a woman scientist named Mabel H. McMillan. It's made of corn and department officials are pretty enthusiastic about its possibility as a food product.

CAR FOR SELASSIE

Haile Selassie, Emperor of Ethiopia and "Conquering Lion of Judah" has a new Rolls Royce. The British Government presented the limousine to him in Addis Ababa as a gift.

The Moslem day begins at sunset, and the Balinese day at sunrise.

Here's a SENSIBLE way to relieve MONTHLY FEMALE PAIN

Lydia E. Pinkham's Vegetable Compound not only helps relieve periodic pain but ALSO accompanying nervous, tired, lightening feelings—when due to functional monthly disturbances. It's one of the most effective medicines for this purpose. Pinkham's Compound helps nature. Follow label directions. Try it!

Lydia E. Pinkham's VEGETABLE COMPOUND

MASTER TRIAL OF GERMAN WAR PRISONERS SCHEDULED TO COMMENCE NEXT MONTH

WASHINGTON.—Trial of 300,000 to 400,000 Germans on charges of criminal wartime actions is expected to follow the master trial of big shot criminals scheduled to begin in Nuremberg next month. The British United Press was given that figure by a reliable and informed individual. Twenty-four persons already have been named for the master trial which will be conducted by commissioners and prosecutors, representing Great Britain, France, the Soviet Union and the United States.

This group includes Hermann Goering, Rudolf Hoss and other Nazis. Among charges to be included in the indictments is the Nazi SS and the Gestapo were criminal organizations. It is expected that this charge will be proved adequately during the Nuremberg proceedings.

Thereafter the trial of small fry members of those outlawed outfits would be largely matters of summary procedure, the British United Press was informed. The SS and Gestapo members will make up a large part of the 300,000 to 400,000 persons whose trial and punishment is forecast.

Some members of these criminal organizations probably will escape punishment, the British United Press was informed, on the grounds that they were forced into membership and coerced into obedience.

The Nuremberg master trial is expected to be the last joint prosecution by the four powers. The thousands of additional individuals would be tried by local courts of various kinds, including military courts and courts of liberated states.

The 24 master trial defendants, if they are present for the event, almost unquestionably will be executed, the United Press was informed. One still is missing, Martin Bormann, Adolf Hitler's secretary, has not been accounted for. Another, Goering, is ill and may not live long. Goering has been suffering heart attacks.

The four powers are determined to make an "indisputable record" in the master trial. It will be of such detailed and overwhelming nature as to make it impossible in 10 or 20 or 30 years from now for anyone to start a propaganda campaign attempting to show that the trials were unfair.

Convicted defendants of the master trial probably will be hanged. Others may also be executed but it is not unlikely that the 300,000 to 400,000 additional trials now foreseen will much more often end in prison or forced labor sentences. Anyway, that is a matter for local courts.

In deciding to indict the entire SS and Gestapo as criminal organizations, the four powers have avoided so far any decision on the German general staff. It is understood that military men generally oppose blanket indictment of the staff as such although acknowledging that some or many staff officers should be punished.

MEAT RATIOMS

Distribution Of Tokens Will Give Canadians About Seven Each

OTTAWA.—The wartime prices and trade board says that the first distribution of meat ration tokens will give Canadians about seven each. About 80,000,000 of the tokens will be spread across the Dominion.

The tokens are blue and are slightly larger than nickels with a small hole in the middle. They will have the words—Canada ration—and meat viande—stamped on both sides.

INTERRED ON ISLAND
ROME.—The ministry of the interior said Edda Ciano, daughter of the late Benito Mussolini, had been interned on Lipari, a grim island off Sicily where her father once imprisoned scores of anti-Fascists.

THE KING BROADCASTS A MESSAGE OF SYMPATHY TO THE PEOPLE OF SINGAPORE

LONDON.—The King, in a message to the people of Singapore, broadcast by Singapore radio, said he knew "full well that ties of loyalty and affection between myself and my Far Eastern people have never been broken."

His message read: "Now that final victory over the forces of aggression has been achieved, I send to my peoples, and to the peoples under my protection in the Far East, who have suffered the horrors of Japanese aggression, a message of real sympathy and heartfelt thanksgiving for their delivery."

"The thoughts of the Queen and myself have been constantly with you during your years of suffering so bravely, and with the dawn of the day of liberation we rejoice with

COAL SHORTAGE

Expect Severe Coal Famine In Europe Next Winter

WASHINGTON.—The Office of War Production said nothing can prevent a severe coal famine in Europe next winter and it could be drastic enough to destroy "all semblance of law and order."

There is a world-wide shortage of coal. Britain can supply her own rationed needs but will have little coal for export. Russia, which never produced much coal for export, will not even be able to meet her own minimum essential requirements, chiefly because of war devastation in the coal-rich Donets basin.

Estimated United States production and requirements indicate that Americans may have a blizzardous coal deficit of as much as 15,000,000 tons and an anthracite shortage of 12,000,000 tons. American "requirements" include 22,000,000 tons for Canada.

LEFT VERY LITTLE

Correspondent Says Hong Kong Was Thoroughly Looted By Japs

NEW YORK.—CBC distributed a delayed despatch from Hong Kong by Correspondent George Moorad in which he described the re-occupied British crown colony, where British and Canadian troops surrendered to the Japanese Christmas day, 1941, as "one of the most thoroughly looted cities in the world."

His despatch said in part: "It is a city of skeleton-like people. Britons and other Europeans in ragged shirts and sometimes barefoot, while some Chinese are dying of starvation, and others are scrambling desperately for foodstuffs left behind by the Japs."

LOTTERIES BANNED

No More For Alberta Unless Present Dominion Law Changed

EDMONTON.—Attorney-General Lucien Maynard told the western convention of Cosmopolitan clubs that with the end of hostilities there will be no more lotteries in Alberta unless the Dominion statute is changed to legalize them.

Accepting responsibility for lotteries held in Alberta during the war because most were for charitable purposes, Mr. Maynard said the cottage open now for people desirous of conducting lotteries for raising money, is to appeal to Ottawa for a change of present lottery laws.

HAS BEEN CLOSED

Emergency Port In Fifth Of Clyde No Longer Needed

GLASGOW.—More than 3,000,000 tons of cargo and American military equipment and stores have been discharged at "the port in the sea," a war emergency port in the Holy Loch in the Fifth of Clyde, where many great liners including the Queen Elizabeth, Queen Mary and Aquitania, were handled. Use of the port has been discontinued after nearly five years' operation.

HUNTING SMUGGLERS

Gang Carried Gold From Britain To France By Air

LONDON.—Scotland Yard detectives have raided offices in Hutton Garden in a hunt for members of a gang who have been smuggling gold to France by air. Hutton Garden is London's gold and diamond market.

The raid followed the arrest of a 22-year-old French girl at an airport near Dieppe. She said she had been waiting to pick up a parcel of gold ingots and sovereigns from an R.A.F. "leave" plane.

AT CHARTER SIGNING—United Nations charter is signed by Dr. T. V. Soong, premier of China, during signing ceremony recently in the office of the U.S. Secretary of State, James F. Byrnes, left.

TROUBLE FEARED

French Indo-China Not Altogether On Side Of Allies

YOKOHAMA.—French authorities anticipate some native turmoil when they return in the near future to French Indo-China, but its extent is not known, Gen. B. Jacques le Clerc, French surrender signatory, told Allied correspondents.

Gen. le Clerc will be the commanding general of perhaps 8,000 white and native troops when they land at a French Indo-China port on a date he declined to disclose. Gen. le Clerc said the kingdom of Laos was the only one of the three semi-autonomous states in the French colony to declare herself on the side of the Allies.

FIND LARGE CACHE

Belgian Police Discover Secret Room Filled With Black Market Food

BRUSSELS.—Belgian police and a Canadian Army provost marshal raided a luxury hotel building at Campine, found an intricate system of false walls, sliding panels and a large cache of black market foodstuffs. When the chief of the Belgian special police opened a trick telephone booth and pressed a button, a section of wall swung back, revealing a secret room in which were found 200,000 francs worth of food.

TO MEET AT QUEBEC

WASHINGTON.—Quebec city has been chosen as the site of the United Nations food and agriculture conference next month, it was learned reliably.

TO CALIFORNIA VIA THEIR THUMBS.—California or bust! is the slogan of two Ontario girls of the Canadian Women's Army Corps, who, like the 'fliers, are bound for the Golden State. They haven't got a covered wagon but they have four good thumbs. With the first leg of their journey behind them, they are Cpl. Marie Spearman and Pte. Barbara Dennison, both of Ottawa, and they intend to travel the 6,000 miles, there and back, via their thumbs.

Freed From Jap Prison Camp

Free once more are these men released from a Jap prison camp in Manchuria by rescue crew dropping by parachute. From the left: Sir Shenton Thomas, governor of Singapore when it fell; General Arthur Percival, officer commanding at Singapore; Gen. Jonathan Wainwright, hero of Corregidor, and Gen. George Parker.

ADDITIONAL CONTRIBUTIONS ARE NEEDED TO CARRY ON THE WORK OF THE UNRRA

OTTAWA.—Recommendation will be made by the United States, Great Britain and Canada, the big three of UNRRA, that additional contributions amounting to \$1,800,000,000 be made by the participating countries so that the work of the organization can be carried out as planned, L. B. Pearson, Canadian ambassador to the United States, said.

Mr. Pearson, who is Canadian representative on UNRRA council, said UNRRA was faced with the possibility that it might have to wind up its activities by the end of 1945 since all its funds were exhausted. The original amount raised was also \$1,800,000,000, 10 percent of which was in cash and the balance in credits.

Back in Canada after spending a short time in Europe in connection with UNRRA work, Mr. Pearson said the council decided the additional contributions should be raised on the basis of one percent of the national income of the various countries. As a result the big three will contribute the major share, with Canada being called upon to raise approximately \$70,000,000.

Mr. Pearson said the Canadian government will recommend to parliament the increase in contribution. While the U.S. British and Canadian representatives on the council favored the extra contributions, there was some opposition to the increase from the Latin-American countries, who felt they had suffered "too greatly by the war."

The ambassador explained that extension of UNRRA in Italy, Austria, Korea and Formosa was one of the reasons for the additional funds needed. The U.S.R., only a short time ago, had asked for \$700,000,000 from UNRRA. Other countries were also requesting large amounts.

To date, between \$140,000,000 and \$150,000,000 has been spent in Canada by UNRRA. Mr. Pearson said. He expected that another 40 to 50 percent of the contributions by other countries, in addition to the amount contributed by Canada, would be spent for Canadian supplies. He explained that the goods are distributed by local authorities, i. e. the various countries, under UNRRA supervision. Only recently an UNRRA mission

had to go to Poland, Yugoslavia and Greece for the distribution of supplies.

There has been some criticism of the operations of UNRRA, especially in London and Washington, but a move is now under way to have top men from the armed forces enlisted in the UNRRA organization to strengthen its operations.

While overseas, Mr. Pearson visited numerous cities in Holland and Germany and said the people in these countries are terrified over what they have to face this winter. "Clothing, fuel and food is short," he said. "There is every indication the people will be starving when the cold weather sets in."

Daily the people swarm the streets, looking through rubbish for food and fuel. They live in cellars and emerge in the day time like rats, he said. While there is a shortage of food reaching Germany, the transportation problem is also a serious one.

He explained that the army is assisting in feeding the civilian people, but would "wash its hands of this work" after Oct. 1. UNRRA steps in after that date.

NO MORE CENSORS

Correspondents Will No Longer Have To Submit Their Copy

LONDON.—Press censorship in Britain is abolished. During the war all outgoing press despatches were censored and British newspapers, under a voluntary code, were required to submit articles involving military security.

The British section of the British-Soviet-Iranian censorship office ceased activities at Tehran.

British-Egyptian censorship was also abolished. All outgoing news despatches, but American correspondents in Cairo still must submit all of their despatches, whether concerning military or non-military affairs, to the British censor.

British correspondents gained the privilege of having all their non-military copy transmitted without the censorship stamp.

The provisional government of France has ordered all censorship in France abolished.

WRITER HAS INTERESTING INTERVIEW WITH A FORMER JAPANESE ENVOY TO CANADA

(By Col. R. S. Malone)

TOKYO.—Canada's legation in Tokyo stands undamaged, a veritable "oasis" amidst black after black of ruined desolation in the Japanese capital.

In almost a complete circle around it every house has been levelled or burned, while the trees around the legation have been scorched and part of the garden wall damaged, but there is not a scratch on the building, rated one of the finest in Tokyo.

"Your bombers are very accurate," a grinning Japanese observed as I left the building after a short visit.

The Swiss legation staff, due to damage to their own building, is occupying the Canadian structure temporarily and gave a great welcome to Col. L. V. M. Cosgrave, Canadian military attaché at Canberra, Australia, and the writer.

They had taken scrupulous care of the building where everything is spotlessly clean, the drapes and rugs of the residence carefully rolled up and the garden lawn clipped.

On repeated occasions the Swiss had gone into action against fire bombs to protect the building.

The Swiss took Col. Cosgrave and me through the building, showed us the carefully-preserved Canadian ensign and produced the legation guest book, which we signed as the first guests. The last name in the book

was Rev. T. P. Symonds of St. Andrew's church, Tokyo, which had been entered before the war.

For our entry into Tokyo it was necessary to obtain special permits because the city has not been occupied formally by Allied troops. The people dared not but went quietly about their business.

Under special arrangements with the Japanese government, war correspondents had been allowed to enter Tokyo to attend the opening session of the Diet, but being military officers, this privilege was not granted to us. However, we entered the building.

In conversation with the foreign editor of the Tokyo newspaper, Mainichi, I inquired concerning Prince Tokugawa, former Japanese minister to Canada, and now a senior prince in the house of peers. As I had been a guest in Tokugawa's house in Ottawa, I asked the editor to phone and we were invited immediately to visit him in the lobby of the upper house of the Diet.

Carefully leaving pistols outside in conformity with Diet regulations, we spent an interesting half-hour with the prince, who came from the floor of the house to see us.

Tokugawa was most interested in learning news of Ottawa and asked after various people there, including Prime Minister King and Viscount Bennett, former prime minister who now lives in England.

Looking much thinner and older than when I last saw him in Ottawa in 1935, Tokugawa is regarded today as a liberal thinker and during the war retained political silence. He was attentive to our accounts of treatment and living conditions of Canadian prisoners of war in Japan. As to the future of his country, he was hesitant about making a forecast, saying it depends entirely on how the Allies handle the situation and conditions and restrictions imposed on Japan.

FINAL WEAPON

LONDON.—The London Daily Express says the Germans had 10,000 tons of bombs and shells filled with a new lethal gas—one drop of which would kill a man within 20 minutes. The Express adds that the gas was to have been Germany's final V-weapon.

Mayor Williams of Blairmore, Bereaved

Mrs. Williams Passes Away at Wyndell, B.C.; Married in Coleman in November, 1906.

Mayor Enoch Williams, of Blairmore, received the sad intelligence this morning of the passing of his beloved wife, Mabel Eliza Williams, at Wyndell, B.C., where she had been residing on their fruit farm. No particulars are available, it appearing death may be the result of a stroke, as she suffered a previous one about four years ago, and had visited neighbors only last evening.

Mrs. Williams, whose maiden name was Mabel Eliza Eldridge, the first girl child born at Fort Francis, Ontario, was in her 62nd year. She came to Coleman in September, 1906, and married Mr. Williams in St. Alban's church, Coleman, in November, 1906.

There are two children in the family, Loren, wife of Mr. J. C. Dawson, immigration officer at Coutts, Alberta, and Lloyd, residing in Blairmore.

Also surviving are two sisters in Vancouver, Mrs. H. Downey (Margaret) and Mrs. T. Scott (Jessie), a brother, Robert, of Fort Francis, and four grandchildren.

Mayor Williams, Mrs. Dawson and Lloyd left for Creston late today, where funeral will be held.

HONORED

About thirty members of Coleman and Bellevue CYO gathered at the home of Jack McIntyre on Friday evening to honor him prior to his leaving for Nova Scotia.

Having completed grade XII at the local high school, Jack is entering St. Francis Xavier university at Antigonish, N.S.

A very pleasant social evening was spent in games, songs and climaxed with a dainty luncheon. The honored guest was the recipient of a handsome writing case, presented on behalf of the CYO by Rev. L. Sullivan, who wished him success in the years ahead. Jack ably expressed his thanks for their good wishes and the presentation.

TB CHRISTMAS SEALS

Twenty-nine million seals, enough to cover two acres, have arrived in Alberta for distribution next November. With enlarged lists and improved methods, there will be few homes in the province that will not receive these gaily-colored messengers of health and good-will.

Nine local associations, sponsored by Rotary clubs in Cardston, High River and Red Deer, and by Kinsmen clubs in Banff, Calgary, Drumheller, Edmonton, Lethbridge and Medicine Hat are already busily engaged in revising lists, addressing envelopes and completing plans for our greatest seal sale.

Three Local Sailors Now In Hong Kong

Balloch, Cocciolone and Jenkins With HMCS Ontario Which is Sailing in Hong Kong Waters.

BILL BALLOCH

TONY COCCIOLONE

News despatches on Wednesday evening revealed that the large Canadian cruiser, HMCS Ontario, had reached Hong Kong and was aiding the British fleet in re-establishing control in that Crown colony.

The news was of interest to Colemanites as three local men form part of the Ontario's crew.

Petty Officer Bill Balloch, engine room; Doug, Jenkins, blacksmith, and Tony Cocciolone, refrigeration, all joined the Ontario at Belfast, Ireland, where it was placed in the hands of Canadian naval authorities.

The ship sailed through the Mediterranean, touched at islands and cities made famous in the North African campaign and is now in Japanese waters.

It is quite possible that they may see the Japanese surrender of Hong Kong, which has as yet not officially taken place.

Blairmore Treasury Branch To Close On Sept. 29

Coleman and Bellevue Agencies to Remain Open; Ledger Accounts to be Kept at Pincher Creek.

Notices have gone forth to all customers of the Blairmore Treasury branch that effective on Saturday, Sept. 29, the branch will close permanently and that the business will be transferred to Pincher Creek, where a new branch will open on Monday, Oct. 1.

The agencies at Coleman and Bellevue will continue to operate, the ledger accounts being carried at Pincher Creek.

It is understood that the principal reason for closing the Blairmore branch is due to insufficient business being transacted and it is believed by Edmonton that increased business is obtainable at Pincher Creek.

People shop where they are invited—that's why it pays to advertise.

Former Coleman Young Woman Died At Lethbridge

Mrs. Sid. Peake, the Former Miss Phyllis Foster, Passed Away in a Lethbridge Hospital; Funeral Held Last Monday.

It was with regret that Coleman friends heard of the passing at Lethbridge on Wednesday of last week of Mrs. Sid. Peake, 37, the former Miss Phyllis Foster.

Deceased resided in Coleman with her family from 1925 to 1930, during which time she attended the local schools. In 1930 she entered the Galt hospital as a nurse-in-training and had resided in Lethbridge up to the time of her passing.

The funeral was held in Lethbridge on Monday with relatives here in attendance. Her two brothers, Roy and Ross, had only recently returned from overseas, the former had only arrived home on Saturday night, and both were present at the service along with their wives. Mrs. Annie MacLean, a sister, was also present from Coleman.

Legion To Display Many War Souvenirs

To Take Paint Off Windows so That Public Will Have Opportunity of Looking at Display.

More than fifty war souvenirs have been received at the Legion club from Coleman men returning from overseas. The souvenirs vary from a German plastic land mine to most innocent-looking yet deadly little land mines.

In addition to the many and varied land mines there are bombs, shells, an aviator's cap, grenade, etc.

The Legion executive has decided to take off the paint which is at present on the office window and display the souvenirs so that all interested might look at the weapons of death.

Many more souvenirs have been promised and when the collection is complete, a civilian will be able to see by what means so many soldiers, friend and foe, met their death.

Shelves will be installed inside the club for the permanent display of the souvenirs once the general public has had an opportunity of seeing them.

The Churches

ST. PAUL'S UNITED CHURCH
G. A. Kettys, Pastor
Sunday, Sept. 16:
Morning service at 11 a.m.
Sunday school at 12.15 noon.
You are cordially invited to these services.

ST. ALBAN'S CHURCH
Rev. W. E. Brown, Rector
Daily offices:
Mornings 9 a.m. Evensong 7.30 p.m.
Friday: Choir practice 7 p.m.
The 16th Sunday after Trinity:
Holy communion 8 a.m.
Morning service 11 a.m.
Young people's service 2 p.m.
The rector wishes to thank all those who so kindly brought flowers, vegetables, etc., for our Harvest festival. St. Alban's was very beautifully decorated by Guild members. Miss Frances Dibblee sang a solo.

THE SALVATION ARMY
Captain and Mrs. T. Smith
Sunday services—
11 a.m., Holiness meeting.
2.30 p.m., Directory class.
3 p.m., Sunday school.
7.30 p.m., Salvation meeting.
Tuesdays, 7.30 p.m., Red Shield Auxiliary and Home League.
Thursdays, 8 p.m., Praise meeting.

BAPTISM
The infant daughter of Mr. and Mrs. S. W. Panek received the sacrament of Baptism on Sunday, Sept. 9, in the Holy Ghost church, Rev. Leo Sullivan conducting. The sponsors were Mr. and Mrs. Albin Panek. The baby was given the names Lorraine Christine.

DISCHARGE OF ARMED SERVICE PERSONNEL

Navy, army and airforce personnel in Canada which wish to return to former employment, to farm work, or to university or similar educational institutions, may do so under a joint policy, announced Hon. Douglas Abbot, minister of

national defence (army and navy) and Col. the Hon. Colin Gibson, minister of national defence (air). The ministers stated that this accelerated release will be carried out to the maximum extent which the continuing requirements of the three services permit.

This policy was planned with a special view to meeting the demand of industry, business and the professions for return of trained personnel. It is a broadening of the plan to release key men which has been in existence for some time.

The ministers define the 3 classes as follows: Personnel in Canada who produce satisfactory evidence that they are entitled to be reinstated in their former employment in accordance with the terms of the reinstatement in civil employment act, and who in fact intend to return to such former employment; personnel in Canada who provided satisfactory evidence that they will undertake or resume farming where there is need of their services (this includes personnel now and farm leave without pay), and personnel in Canada who intend to proceed to university or other similar educational studies, provided satisfactory evidence is produced that they have been accepted for training at a university or other similar institution.

The joint adaptation of this policy is an indication of the effort being made by the three services to co-ordinate their release plans. It was pointed out by the ministers that this is not always easy to do because of the different requirements of the three services. The ministers emphasized that while fulfilment of these requirements may entitle personnel to more speedy release, it does not constitute grounds for priority over long service men and women in repatriation.

Tuberculosis is usually symptomless in the early stages.

Family allowance cheques totaling \$17,560,334 were sent last month to 1,237,754 families with 2,956,844 children under 16. In August 1,300,000 families with 3,104,400 children under 16 will receive \$18,440,136. Families in Quebec and Ontario received \$10,784,725 in July. Those in the prairie provinces and British Columbia received \$4,838,682, and families in the Maritimes collected \$1,947,527.

RCAF personnel counselling statistics show that only one per cent of RCAF male personnel want to be aviators in a commercial capacity.

The average cost of a case of tuberculosis, including loss of wages, hospitalization, etc., is \$5,400 in the case of a male wage earner, and \$5,000 for a woman wage earner.

Cigarette Fund Notes

Dear Friends: Have received 300 cigs and thanks a lot. Hope to be home shortly. My brother and I should get home together, so, in the meantime, cheerio. — Herman Hirsch.

Dear Sirs: Please convey my thanks to the members and friends for the cigs. I sure appreciate same. No signs of us returning yet, but hope to have Xmas dinner in Coleman. Everything going swell here. — Bert Murray.

Dear Sirs: Received your most welcome gift of 300 Sweet Caps a few days ago, for which I am indeed grateful.

Dear Sirs: I received your carton of cigarettes today, for which I thank you very much, they really come in handy while you are waiting for your own to come in from the depot. I see Bill Ferby and Chick Roughhead a lot these days, as they're both close around here. They're both looking good and looking forward to the day when we will all be coming home. It might be a little while yet, but I guess we'll make it one of these days in the near future. — Roy Garrett.

Dear Friends: I must drop you a line to thank all for the cigarettes and parcels that you have sent to me for the past four years. In all that time there has only been one carton of smokes that was lost; it seems that they were not bothered with in the mails, they always came through. I am going to a repat camp on Sept. 5, but we have no idea when we will be home—it is a start. Hoping to meet you all again. — Geo. Burchell.

Hello Friends: This is one letter I am glad to be able to write because it will be my last. I am leaving here on Sept. 9 or 10 on the first lap of the trip to Canada. There will be a short stay in England and then Canada next stop.

I want to express my very sincere thanks to one and all for the never-to-be-forgotten supply of cigarettes sent to me. Also to the Ladies' Auxiliary my very sincere thanks for their ever welcome parcels. It has been a lot of work and time spent by you all, but will never be forgotten. In the near future I will be thanking you personally. Best of luck to all. — Oliver Baringham.

Dear Sirs: Received your most welcome gift of 300 Sweet Caps a few days ago for which I am indeed grateful.

I also received an air mail letter from home around the same time your gift parcel arrived, saying to the effect the tobacco companies had notified the donors of these gift parcels of cigs not to contribute any more funds as we boys over here can now purchase them through the army post office, besides, of course, various units in the field were breaking up, consequently the boys being moved around to various other units or divisions. This is quite true in both cases. I might add that our own unit is now in the process of disbanding. All our trucks and equipment must be turned in by the 21 of this month. What will happen to us chaps after that we have not the faintest idea, but one thing we can be sure about, we will be heav-

ing our packs and kit bags on our backs and do a lot of juggling around prior to us receiving instructions to get ready to embark for Canada and "home sweet home," which I am sure we are all patiently waiting for.

If this is the last parcel of Sweet Caps to be received from you: I think it is only appropriate to take this opportunity of thanking all the good people of Coleman and district who have supported the Overseas Welfare Fund so nobly in the past for I can assure you all your efforts have indeed been appreciated by all of us boys.

Again thanking you all and hoping that it won't be too long ere I shall be in your midst again. — J. A. Howarth.

LOCAL NEWS

Mrs. Walter Nelson returned on Sunday from five weeks vacation spent with her daughter, Mrs. E. Jennings, of Nelson.

Mr. and Mrs. John Van Maaron and Lorraine returned home last week from a vacation spent at Banff and other Alberta points.

Mrs. White, mother of Mrs. W. E. Read, suffered a painful fall last week which necessitated her staying in bed for several days.

Pat. Emmerson, RCAF, left for her Calgary base on Monday after a week-end leave spent with her parents, Mr. and Mrs. Joe Emmerson.

Mrs. Ephraim Hill was taken to a Calgary hospital on Monday for further treatment. She had been a patient in the local hospital for a few weeks.

Mr. and Mrs. Roy Thomas are spending a vacation at Vancouver. Their son, Pte. Sidney Thomas, is a patient in the Shaughnessy Military hospital.

Mrs. J. Brnce, Valera and Mary, of Joliet, USA, have returned home after being the guests of the former's brother, Mr. John Trstenky, and Mrs. Trstenky.

Mrs. Walter Jensen and Mr. and Mrs. Jack Northam, of Medicine Hat, were the guests of the former's daughter, Mrs. Nick Nicholas, and Mr. Nicholas for a few days last week.

Mrs. Joe Plante and children returned home at the week end after three weeks vacation with her daughter Verda, nurse at the Shaughnessy hospital, Alberta.

In this issue, Sid. Emery has an announcement stating he is fully equipped to handle all refrigeration problems arising from domestic or commercial plants. Orders may be phoned to 77, The Motordrome.

Mr. and Mrs. Archie McCulloch, Janet and Mr. and Mrs. J. Christy returned home at the week end from a two weeks vacation spent at Vancouver. They report having talked to several former Colemanites.

LAW Elizabeth Kroesing, RCAF, Toronto, is spending part of her furlough visiting her parents, Mr. and Mrs. Ernest Kroesing. She travelled by plane from Toronto to Vancouver where she visited two sisters and this week arrived in Coleman by train. On Tuesday she visited relatives at Pincher Creek.

The X-ray is the most important diagnostic agent for the discovery of early tuberculosis.

Your Old Car Can Last as long as you want it to

Give yourself much of the credit if your car is still serving you and continues to do so. Blame yourself alone if and when your car ceases to function.

We specialize in renewing the youth in old automobiles. But we can do nothing for the car that is too-long neglected. Come early, come often. Your car needs frequent adjustments today. Don't wait for a breakdown to have it serviced.

MULTIPLY A WHISPER BY A MILLION-

AND YOU'VE GOT INFLATION

Let's not deceive ourselves by the belief that the danger is over—just because the war is won. And let's remember that inflation is always followed by deflation with its misery of bankrupt businesses, mortgage foreclosures and unemployment.

It's your job and your savings that are at stake.

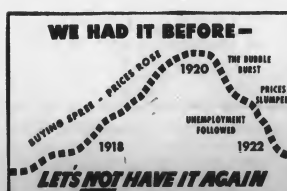

The danger of inflation, with its black shadow—deflation—will ramble as long as goods are scarce and insufficient to meet demands. They may be 6 months, 12 months, 18 months. Only time will tell. As quickly as controls are unnecessary, they are dropped.

After nearly 6 years of war, industry cannot switch over to normal production of civilian goods by a snap of the fingers. Reconstruction takes time. The whole system of raw materials, labor and production has to be re-geared.

In the meantime, price ceilings, rationing and other controls are the safeguard for every one of us. It's everybody's responsibility to help make them work.

\$8—Keep on watching your buying. Don't rush to buy scarce goods. Keep on saving your money. Put it into Victory bonds and War Savings certificates.

Keep on supporting wage and price controls, and rationing. Keep on fighting inflation and its black shadow... deflation.

MEAT RATIONING IS NOW IN EFFECT

As of midnight, SEPTEMBER 9, 1945, it is unlawful for any person to buy rationed meats and for anyone to sell rationed meats except on surrender of valid ration coupons or other ration documents. Sales between suppliers, however, are coupon free until midnight, Saturday, September 15.

MEAT COUPON VALUE CHART

All products shown below are derived from beef, veal, lamb, mutton, pork or combinations of them. Any product or cut shown below has the coupon value indicated, whether or not it contains dressing.

GROUP A - 1 LB. PER COUPON - 2 OZS. PER TOKEN

PORK—Cured

Back (sliced) *boneless*

PORK—Smoked

Back Bacon (sliced)
Side Bacon (sliced) (rind on or rindless)

COOKED MEAT

Any uncooked Group B item (bone in or boneless), when cooked
Pork Butt *boneless*
Pork Ham *boneless*

GROUP B - 1 1/2 LBS. PER COUPON - 3 OZS. PER TOKEN

BEEF—Fresh or Cured

Round Steak or Roast *bone in*
Round Steak or Roast *boneless*
Round Steak, Minced
Sirloin Tip *boneless*
Sirloin Tip, Cubed or Minute
Steaks *boneless*
Sirloin Butt *boneless*
Flank Steak *boneless*
Strip Loin *boneless*
Rib Roast, 7 Rib Bones (rolled whole) *boneless*
Prime Rib Roast, 5 Rib Bones (rolled) *boneless*

Rib Roast Rolled, 6th and 7th Rib Bones—Inside Roll *boneless*
Tenderloin

VEAL—Fresh

Cutlets or Filler Roast *boneless*
Strip Loin Steaks *boneless*
Front Roll *boneless*
Leg Roll *boneless*
Loin Strip *boneless*
Tenderloin

LAMB or MUTTON—Fresh

Frontquarter (rolled) *boneless*

PORK—Fresh

Butt, Whole, Pieces or Chops (rindless) *bone in*
Butt, Whole, Pieces or Chops (rindless) *boneless*
Ham, Whole, Centre Slices *bone in*
Ham, Whole, Pieces or Slices *bone in* or *boneless*
Picnic, Hockless *boneless*
Back, Whole, Pieces or Slices *boneless*
Side Pork, Whole, Pieces or Slices *boneless*
Trimnings, Extra Lean (skinless)
Tenderloin

PORK—Cured

Cottage Roll or Butt, Whole or Pieces *boneless*
Picnic, Hockless *boneless*
Ham, Whole, Pieces or Slices *bone in* or *boneless*
Ham, Centre Slices *bone in*
Back, Whole or Pieces *boneless*
Skinless Roll *boneless*
Ham Butt Roll *boneless*

PORK—Smoked

Picnic, Hockless or Hock on *boneless*

Cottage Roll or Butt, Whole or Pieces *boneless*
Skinless Roll *boneless*
Ham, Centre Slices *bone in*
Ham, Whole (skin on or skinless), Pieces or Slices *bone in* or *boneless*
Back, Whole or Pieces *boneless*
Side Bacon (rind on or rindless), Whole or Pieces

COOKED MEAT

Any uncooked Group C item (bone in or boneless), when cooked.

GROUP C - 2 LBS. PER COUPON - 4 OZS. PER TOKEN

BEEF—Fresh or Cured

Shank, Hindquarter *boneless*
Rump Roast, Round or Square End *bone in*
Sirloin Steak or Roast *bone in*
Flank, Trimmed *bone in*
Porterhouse Steak or Roast *bone in*
T-bone Steak or Roast *bone in*
Wing Steak or Roast *bone in*
Rib Roast, 7 Rib Bones, Whole *bone in*
Prime Rib Roast, 5 Rib Bones *bone in*
Rib Roast, 6th and 7th Rib Bones *bone in*
Rolled Rib Roast, 6th and 7th Rib Bones, Outside Roll *boneless*
Plate Brisket (rolled) *boneless*
Brisket Point (rolled) *boneless*

Rolled Shoulder *boneless*
Short or Cross Rib Roast *bone in*
Blade Roast, Blade and Backstrap out *bone in*
Chuck Roast *boneless*
Neck *boneless*
Shank, Centre Cut *bone in*
Shank Meat
Stewing Meat *boneless*
Hamburger

VEAL—Fresh

Shank, Hind *boneless*
Rump, Knuckle Bone out *bone in*
Sirloin Butt Roast *bone in*
Sirloin Butt Steak *bone in*
Leg, Sirloin Butt End *bone in*
Loin, Full Cut, Flank off, Kidney and Suet out *bone in*
Loin, Short Cut, Flank off, Kidney and Suet out *bone in*

Loin Chop or Roast, Tenderloin End *bone in*
Loin Chop or Roast, Rib End *bone in*
Round Bone Shoulder Chop or Roast *bone in*
Shank, Front *boneless*
Neck *boneless*
Veal Loaf or Patties
Stewing Veal

LAMB or MUTTON—Fresh

Sirloin or Chump Chop *bone in*
Loin, Whole, Flank off, Kidney and Suet out *bone in*
Loin Roast or Chop, Tenderloin End *bone in*
Patties
Picnic, Hockless *bone in*
Butt (rind on), Whole, Pieces or Chop *bone in*

PORK—Fresh

Picnic, Hockless *bone in*
Butt (rind on), Whole, Pieces or Chop *bone in*

Butt (rind on), Whole or Pieces *boneless*
Ham, Trimmed, Whole, Butt End or Shank End *bone in*
Loin, Trimmed (rindless)
Whole, Pieces or Chop *bone in*
Side Pork, Whole or Pieces *bone in*

PORK—Cured

Picnic, Hockless *bone in*
Ham, Trimmed, Whole, Butt End or Shank End *bone in*
Side Pork, Whole or Pieces *bone in*
Shoulder Roll (skin on) *boneless*
Dry Salt Belly *boneless*
Dry Salt Lean Backs *boneless*

PORK—Smoked

Picnic, Hockless *bone in*

Ham, Trimmed or Skinned, Whole, Butt End or Shank End *bone in*

FANCY MEAT

Liver
Kidney
Sweetbread

COOKED MEAT

Any uncooked Group D item (bone in or boneless), when cooked.
Loaves made from chopped or minced meat. Cooked meats, jellied meats, in loaf form or otherwise (excepting those cooked or jellied meats listed in Group D).
Bologna
Wieners
Sausage, Smoked or Cooked

GROUP D - 2 1/2 LBS. PER COUPON - 5 OZS. PER TOKEN

BEEF—Fresh or Cured

Short Ribs, Braising *bone in*
Plate Brisket *bone in*
Brisket Point *bone in*
Round Bone Shoulder Roast *bone in*
Blade Roast *bone in*
Chuck Roast *bone in*
Shank, Frontquarter, Whole *bone in*
Shank Knuckle End *bone in*

VEAL—Fresh

Shank, Hind *bone in*

Leg, Long Cut *bone in*
Leg, Short Cut *bone in*
Leg, Shank End *bone in*
Loin, Full Cut, Flank on, Kidney and Suet out *bone in*
Flank *bone in*
Blade Chop or Roast *bone in*
Breast *bone in*
Shank, Front *bone in*
Neck *bone in*
Forequarter, Whole, 7 Rib Bones *bone in*
Rack, Whole *bone in*
Rack, Shoulder off, Knuckle Bone out *bone in*

SAUSAGE—Fresh or Cured

Pork Sausage
Commercial Sausage

LAMB or MUTTON—Fresh

Leg, Full Cut, Whole or Half *bone in*
Leg, Short Cut *bone in*
Loin, Whole, Flank on, Kidney and Suet out *bone in*
Loin Rib Roast or Chop *bone in*
Frontquarter, Whole or Half *bone in*

Rack or Shoulder, Neck on *bone in*
Rack or Shoulder, Neck off *bone in*
Rack or Shoulder Chop *bone in*
Breast *bone in*
Neck *bone in*

PORK—Fresh

Picnic, Hock on *boneless*
Loin (rind on), Whole Pieces or Chop *bone in*

PORK—Cured

Dry Salt Long Clear *boneless*

Dry Salt Short Clear *boneless*

Dry Salt Clear Back *boneless*

PORK—Smoked

Picnic, Hock on *bone in*

Jowl

COOKED MEAT

Any uncooked Group E item (bone in or boneless), when cooked.
Brawn or Headcheese
Liver Sausage, all types
Blood Sausage, all types
Gretons Francais

GROUP E - 3 LBS. PER COUPON - 4 OZS. PER TOKEN

PORK—Fresh

Lacone *bone in*
Hock *bone in*
Jowl

Public Protesting Against Meat Rationing

Meeting of Pass Butchers
Scheduled Tonight; Miners to
Discuss Situation on Sunday.

A survey made by The Journal among local butchers reveals that Coleman shoppers are protesting most strongly against renewed meat rationing.

This was to be expected as Coleman is a mining town where the majority of its wage earners are employed in heavy manual labor in the mines. They are accustomed to eating much more than the approximately two pounds of meat now allotted them per week.

The protests must be in similar volume in other Pass towns as a meeting of all Pass butchers is scheduled for tonight in Blairmore to thoroughly discuss the situation and possibly draft a protest to send to Ottawa.

Coleman miners will have the subject of meat rationing well up among the subjects to be discussed at their union meeting next Sunday. The meeting has been brought forward one week so that discussion on meat rationing might be held. Here again it is very probable that a protest will be drafted and sent to Ottawa.

In addition to miners protesting, the lumberjacks in the district are also protesting most strongly. Here again is a heavy manual labor class which is accustomed to eating lots of meat. These men claim they require more meat than the rationing quota allows. Another claim they make, and rightly so, is the fact that they are unable to come to town twice and three times a week. It has been past practice to take big roasts to their camp along with large tins of cold meat, which was sufficient to keep them going for a week or more. They are now unable to do this.

Theatre Notes

Coleman, Saturday and Monday
"SUDAN"

The story concerns the king of an ancient realm contiguous to the River Nile. He is mysteriously killed. His daughter, Maria Montez, who succeeds him on the throne, seeks her father's slayer. Suspicion centers on Turhan Bey, leader of a daring band of escaped slaves with whom Miss Montez later falls in love. The real slayer turns out to be George Zucco, the late king's chamberlain, with Bey exonerated, the two lovers are reunited.

Bellevue, Saturday and Monday
"GREENWICH VILLAGE"

Twentieth-Fox has shot the works in filming the biography of the romantic twenties with Greenwich Village as the luscious background, all of which is done in eye-filling technicolor. Carmen Miranda is present to lend her dynamic personality in delivering songs in inimitable fashion, while Don Ameche as the love interest gives his usual well-rounded performance. Ameche, Kansas eggposer, comes to New York with a new concerto in his portfolio. After a bit of skulduggery on the part of an unprincipled Greenwich Villager, he finally witnesses the first performance of his opus on the opening night of a hit musical. Vivian Blaine, who makes her debut, is well as the night club singer and heart interest.

Blairmore, Saturday and Monday
"DANGEROUS PASSAGE"

Robert Lowery, who has lived in the jungles of central America, inherits a fortune from his grandfather. He takes off for the States to claim the bankroll while the heavies do everything possible to steal his identification papers and do him in. Eventually, of course, he outsmarts them, gets the gold—and the gal.

Blairmore, Saturday and Monday
"OUR HEARTS WERE
YOUNG AND GAY"

Women will ecstatically term it "cute;" men will find it satisfactory.

ily diverting, and the 'teen-agers will welcome it with whoops of unbridled joy. For all of them it will prove wholesome, human, carefree entertainment and its popularity and profits will doubtlessly soar above general expectations. In many ways the screen version of the Cornelia Otis Skinner - Emily Kiforrough book is reminiscent of the Aldrich Family films, which come from the same studio. The femme Henry and Dizzy, in fact Cornelia and Emily, are portrayed respectively by Gail Russell and Diana Lynn, and what a brace of refreshing, bright performances those promising youngsters deliver. The story, as most readers know, concerns their trip to Europe during the pre-war era when wolves were sheiks and sweeter girls were flappers.

Joe Plante's Bird Dog Stolen

Jack Chalmers Lost His Cocker
Spaniel at Crows' Nest Lake.

On Labor Day, Joe Plante's two-year-old Irish water spaniel disappeared and up to the present time no trace has been found of it. Joe is firmly convinced that someone has picked the dog up, taken it to another town and is keeping it.

The dog is quite tall and has been trained for bird hunting. It answers to the name of "Pat."

Jack Chalmers has also lost his 7-year-old brown cocker spaniel. It became lost on Saturday, Sept. 1, at the western end of Crows' Nest Lake. Jack and Mrs. Chalmers stopped to see the result of a collision which had taken place between two cars. Their dog got out of the car. Their thoughts still on the accident they failed to give thought to the dog when leaving and it was not till they reached their lake cabin that the dog was found to be missing. Jack immediately went back for the dog, but it was nowhere to be found.

Anyone seeing a brown cocker spaniel in the vicinity of the lake are asked to contact Mr. Chalmers.

Notice To Creditors and Claimants

In the Estate of PETE, otherwise
PETER ABRAMOWICZ, late of
Coleman, in the province of Al-
berta, miner, deceased.

NOTICE is hereby given that all persons having claims upon the Estate of the above named Pete, otherwise Peter Abramowicz, who died on the 25th day of May, 1944, are required to file with the undersigned, solicitor for Steve Lebioda, Executor of the will of the said deceased, on or before the 22nd day of September, A. D. 1945, in a full statement, duly verified of their claims and of any securities held by them, and that after that date the Executor will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which notice has been so filed or which have been brought to his knowledge.

Dated this 12th day of September, A. D. 1945.

ARTHUR BEAUMONT, K.C.,
Box 698, Lethbridge, Alberta,
Solicitor for Steve Lebioda,
Executor for the Estate of
Pete, otherwise Peter
Abramowicz, deceased.

IKE DANIELS TO MOVE TO THE COAST

Ike Daniels, of Blairmore, and for a number of years a resident of Hillcrest, leaves on Saturday morning's train for Vancouver, where he will join his wife and take up future residence in the city. Mrs. Daniels has been spending the summer months at Vancouver.

Ike is still well known in soccer circles, having been one of the star forwards of the strong Hillcrest eleven prior to the war.

JOHN McDONALD REJOINS HIGH SCHOOL STAFF

John McDonald arrived back home after receiving his discharge from the RCAF. He has now resumed his duties as a high school teacher.

MEN WHO THINK OF TOMORROW ARE PLANNING "COOKING WITH LIGHTS"

Miracles of cookery performed not by the heat of a fire, but by the heat of light, are planned for the kitchens of tomorrow! Ovens lined with "electric light bulbs" will cook your foods better in shorter time with the even, easily controlled penetrating heat of infra-red rays! It's better things for living such as this that your Victory Bonds will buy tomorrow!

Men who think of tomorrow say

"HOLD ON TO YOUR VICTORY BONDS

TODAY"...

VICTORY BONDS have helped us to fight and win a war.

They've minimized the danger of a war-inflation economy.

They've formed a backlog of safely-invested buying power that will benefit the individual and the nation when the danger of inflation is over.

But remember: inflation strikes hardest after a war.

What our Victory Bonds will do—is if we hold on to them—is to keep prices down until supply meets demand... when a dollar will buy a full dollar's worth of goods.

Think of tomorrow before thinking of cashing a Victory Bond!

THE HOUSE OF SEAGRAM

Sure we'll Buy your horses

AND what's more, we'll give you an initial payment of \$2 per lb. live weight on fleshy horses, depending on grade. Further payments will be made on the basis of patronage dividends. In other words, the more you use your plant the greater your return will be.

At the moment your plant is being constructed on borrowed capital from outside sources. By loaning your money as loan capital and by buying shares in advance for the horses you wish to list, at one dollar per head, you are making it possible to rush the plant to completion and thereby have your horses processed at an early date.

Get behind your Co-op: The sooner you pay for your shares the sooner you will have complete ownership of the plant and all it's assets.

YOU, the producers, are the ones who will benefit. Instead of having surplus horses sitting up your grazing lands and depriving your waiting places you can sell them at a nice profit.

HOWEVER, you must list them now to get a priority and authorization to ship them to the plants at Swift Current or Edmonton.

Please send your listings and enquiries to Swift Current, Sask.

Horse Co-operative Marketing Ass'n Ltd.
Swift Current, Sask. Edmonton, Alberta

WORLD HAPPENINGS
BRIEFLY TOLD

Charged with being late for work 550 times in five years, an apprentice in a Manchester, England, firm was fined £3 (\$13.50).

A block of offices and apartments will be built on the site of No. 1 Devonshire Terrace where Charles Dickens used to live.

A contract has been placed for the erection at Bristol, England, of a ministry of labor centre for training craftsmen for the building industry.

British military headquarters announced the purge of Nazi elements from the German administration had resulted in the dismissal or arrest of 2,710 officials.

Roof-top landing strips and hangars to accommodate passengers who shop by plane are to be built on a new department store in New York planned by Lord & Taylor.

Plans to erect a 100-bed memorial hospital in Metapedia, Que., in honor of members of the Royal Rifles of Canada who lost their lives at Hong Kong, are announced.

In the last five years British taxpayers have contributed more than \$24,000,000 by way of grants-in-aid to Malta to make up for the island's excess expenditure over revenue.

The first Roosevelt memorial two-cent stamp was sold in Warm Springs, Ga., where Franklin Roosevelt fought his battle against infantile paralysis and where he died.

Atlantic Air Travel

Expert Thinks It Will Be Popular In Few Years

A noted Canadian aeronautical expert said nobody knows that any of the planes now being prepared for trans-Atlantic travel "will be suitable for the job, but at least they will tell us what the next generation needs."

The statement was made by B. S. Shenstone, now with Canada Air Limited, of Montreal, after working with Britain's air ministry and ministry of aircraft production during the war. He said commercial airlines now were charging 16 cents a mile for Atlantic crossings, that they hoped to cut it to 10 cents and to five cents after that. But the five cents rate was "a long way off."

Among air passengers, he said those who gave the greatest difficulties were babies and men with hangovers. The treatment for both was similar in many respects.

There was no suitable method of predicting how many people would be flying the Atlantic in 1950 but by the very rough comparisons available a figure of 300,000, going both ways, could be reached.

Hurried Too Much

Japs Say They Needed Time To Win Chinese Hearts

Tokyo radio recently beamed an English language broadcast to North America which said Japan admittedly failed in its effort to win "the goodwill of the nations of the Asiatic continent and the southern area."

The Japanese were unable to "win the hearts of the Chinese," it said. "Burma, too, was a most unfortunate case," added the broadcast, monitored by the Federal Communications Commission.

And the same "unfortunate" situation prevailed in the Philippines, the East Indies, Indo-China and India. "We tried to hurry things too much," Tokyo said.

"We were irritable and in a hurry. We did not have the capacity to wait for things to take their own due course. . . . If we had only grasped their hearts, this war would probably have terminated differently."

LIFE'S LIKE THAT

By Fred Neher

"One thing about being late for school, you get to drink out of a paper cup at the water cooler in the principal's office." 2637

STUDENTS TO SLEEP AND EAT IN ARMY HUTS—Students of the University of British Columbia are going to live in army huts next semester. University officials completed the purchase of 17 huts from a nearby army camp through War Assets, and the huts are now being moved by truck to the university campus. To facilitate moving, the huts are being moved in half because of their length. Above photo shows an army being moved to the U.B.C. campus. Dormitory space on the campus is new to the university, said Coy. M. G. Shrum of the faculty, who is supervising the moving. Accommodation is being made for returned service men taking university courses in the "Fortress", a full-time army base nearby. This last camp will still be under army control, however. Col. Shrum said the huts will serve as temporary quarters for maybe five years, when, it is hoped, permanent buildings will have been erected.

SUNDAY SCHOOL LESSON

SEPTEMBER 16

JUDAH'S CONCERN FOR HIS FAMILY

Memory Selection: How shall I go up to my father, if the lad be not with me? Genesis 44:24.
Lesson: Genesis 43-44.
Devotional Reading: 1 John 4:1-13.

The Text Explained With Comments
The Story of Joseph, Genesis 29-44. To understand the significance and appreciate the beauty of Judah's plea, the student should read the entire story of Joseph in Egypt as it appears in chapters 29 to 44 of the book of Genesis. It is generally agreed by literary scholars that there is no finer example of ancient Hebrew narrative anywhere in existence, and certainly these five chapters constitute one of the most fascinating portions of the entire Bible.

Joseph's First Meeting with His Brothers, Genesis 42. Joseph has achieved a great triumph in being raised to the position he holds in Egypt, but that triumph is not complete until he has exercised that lordship over his brothers which his boyish dreams have promised him. The opportunity comes when they are driven to buy corn in Egypt, which from very ancient times was a storehouse of food for the civilized world.

Now at last Joseph has an opportunity to teach his brothers a lesson, and the first element in it is his refusal to believe in their good faith. The treatment they receive is a just punishment for that which they gave to Joseph years ago, but they cannot, in the nature of the case, fathom Joseph's further motives. He is actuated by love of Benjamin rather than by the desire for revenge, and longs first to assure himself of the safety of the boy, and secondly to see him once more. These ends he secures (after giving them all a serious alarm) by keeping Simeon while the rest are sent home. He seems to have chosen Simeon because he was the second in age; and he had not forgotten how the eldest, Reuben, had betrayed him. Finally, the brothers are terrified by the discovery that their money has been returned to them. . . . Their difficulties are, throughout, increased by the fact that they have to speak through an interpreter—the only place in the patriarchal stories in which differences of language are recognized. The full result of this terror is only evident when the brothers reach their father. An immediate return with Benjamin is contemplated in order to release Simeon, and Jacob's natural objection is overcome only when Reuben gives his own children as hostages.—Abingdon Commentary.

When fully contracted, the pupil of the eye of a king penguin is a perfect square, when fully dilated a hexagon, and when fully dilated a circle.

Wars May Continue

Unless There Is Some Drastic Change In The Human Heart

Air Chief Marshal Sir Arthur Harris told the Daily Express that he expected wars to continue until there were some drastic changes in the human heart and that the atomic bomb made it possible for any nation—no matter how small—to win the next one.

Harris, retiring head of the R.A.F. bomber command, was asked if he thought the atomic bomb would end wars. He replied, "No, I believe that war will continue until there is a change in the human heart, or liver, or wherever the seat of human passion is. And I see no signs of that now."

The master bomber said, however, that fear might possibly keep the peace.

Harris, who called the battleship the dodo of this war, said the heavy bomber probably would be the dodo of the next.

Harris said he was retiring because "I feel that I'm entitled to a little sunshine. If you can find a country where there are no telephones, no motor cars and no airplanes, I shall go there."

NEWSPRINT SHORTAGE

The world shortage of newsprint will continue for some time and prospects of supplies from Scandinavian countries "are not very good for the time being," J. Hale Stenman, director of the United States war production board's printing and publishing division and head of a special mission which surveyed the situation abroad, said on his return.

Might Be Solution

Raising Standard Of Live Stock Would Help Feed Situation

The supply of feed grain is said to be causing the agriculture departments a good deal of anxiety. It falls short of requirements and it is higher in price than it used to be. The problem may last a long time.

There is one way of meeting this question other than by greater production. That is by raising the average standard of livestock and getting more meat and milk from each animal. It costs just as much to feed a poor beast as to feed a good one. Farmers should cut their herds so as to eliminate the low producers and use the money to buy better stock. They will then be using less feed and getting better results. A raising of the standards of cattle, hogs or sheep will improve the financial condition of the farmer. It will lead to a greater demand for Canadian beef, bacon and mutton in the British market and add to the general prosperity of the country. With the Dunes struggling to get back—and they deserve a break any way—now is the time for Canadian producers to get a permanently larger share of the British trade.—St. Thomas Times-Journal.

Spitzbergen Mines

Important Source Of Coal For Norway Now Out Of Commission

Mines on the Arctic island of Spitzbergen, once an important source of coal for Norway, will be of little value for many months to come. The crew of a ship which has just returned from that Arctic outpost describes the destruction at Longyear City, the principal mining town on the island, as almost unbelievable.

Little more than a jutting volcanic plateau Spitzbergen with its mines had nevertheless been considerably developed before the war, and the houses, buildings, and extensive mining equipment represented an important investment.

The destruction of the mines themselves is almost complete. Fires in one have only recently been extinguished while another mine still burns fiercely.

Build For Future

Must Turn Engines Of Destruction To Useful Purposes

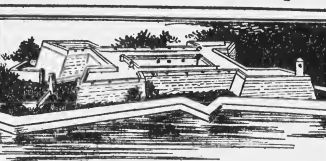

We—all of us—must rebuild. We must go back to hard work. We must save. We must learn once more to depend upon ourselves and not upon the Government or its agencies.

We must find some way to turn our newly developed engines of destruction into instrumentalities for the advancement of human welfare.

We must understand that no tyranny can be imposed upon some toiler in any far-off region without our feeling a recoil of the lash. The guns are silent; our consciences must never be.—New York Sun.

THIS CURIOUS WORLD

By William Ferguson

PORT MARION, SAINT AUGUSTINE, FLORIDA,
OLDEST STANDING FORT IN THE UNITED STATES.
FOUR FLATS
HAVE FLOWN OVER IT. . . . YET IT NEVER HAS BEEN CAPTURED.
(SPAIN, ENGLAND, CONFEDERACY AND U.S.A.)

ANSWER: Today the term is used figuratively, denoting all the seas and oceans of the world, and should not be taken literally.

REG'LAR FELLERS—Unprotected Zone

NEW NYLON—Elaine Jorgensen and Mrs. Elizabeth Warkentin find their limbs look more shapely as they try on new nylon hose they were able to buy in San Leandro, Calif. They were among lucky ones who were able to get there first when a huge crowd stormed a store when stockings were put on sale.

Princess Of Tribe

Lady Roddick Entertained Troquois Indians At Her Montreal Home

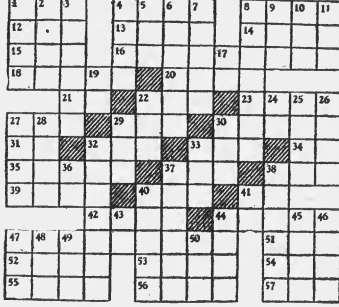

Lady Roddick was hostess at a picturesque event on the lawn of her residence in Montreal recently, when she entertained a group of 32 Troquois Indians from Caughnawaga. The guests of honor, led by Chief Poking Fire, arrived with all the dash and color of full regalia and in Indian costume. Lady Roddick, whose Indian name is Princess Kawanarokos or Gathering Words, by virtue of her being a writer, enjoys the distinction of being the only white woman who has ever been made a true princess of the ancient Troquois parliament.

FARM MACHINERY

The demand for farm machinery probably will not be met completely until 1947, F. M. Morton, senior vice-president of the International Harvester Co., said at Hamilton, Ont. He added that continuing labor shortage is preventing full production.

ranged. Apply to Mr. E. Richards,
Blairmore Road. 21

**Coleman Theatre
Patrons to be Given
First Run Shows**

Of interest to Coleman theatre
goers will be the change of sched-
ule announced by Cole's theatres
elsewhere in this issue. Programs
have been so arranged that the
Palace will have first showing in
the Pass of the Saturday program.
Previously all pictures played
Bellevue and Blairmore first.

With this new arrangement there
will be three new pictures (one in
each town) opening on Saturdays.
This will give Saturday theatre
goers the opportunity of choosing
between one of three pictures.

Every effort has been made to
make each program of equal enter-
tainment value.

The theatres will also go back to
the 7.30 starting on Sept. 17. Many
of the year's best pictures will
play during the next few months.

...V...
**JERRY SEAMAN A SEASONED
TRAVELLER**

Warrant Officer Jerry Seaman,
husband of the former Miss Isabel

McDonald, is a seasoned traveller
in the real sense of the word. Jerry
recently landed at the east coast
to make his thirty-second crossing
of the Atlantic and he is still not

finished.

Jerry's duties deal with returning
armed personnel and just as soon
as one Atlantic trip is completed
he has to return to start another.
